PISGAH NATIONAL FOREST

Is Now Made a Federal Game Preserve By President Woodrow Wilson.

Washington, November 15.—President Wilson has issued a proclamation by which the Pisgah National Forest, in western North Carolina, is made a Federal game preserve. This is the first Federal game preserve of its kind to be created east of the Mississippi River.

The Pisgah National Forest consists largely of the George W. Vanderbilt estate, part of which has been purchased by the Government. The land is located near Asheville and Biltmore, N. C. Owing to the protection against hunting which has been afforded the tract for a number of years, the game has not been killed out, as is the case in most places in the southern mountains. Deer, wild turkey and pheasants are said to be plentiful.

After it was known that the tract would be acquired by the Government, many of the local citizens urged that the protection to the game should be continued. The North Carolina Legislature passed an act whereby the State consented to the enactment by Congress of laws for the protection of game, birds and fish on any lands purchased by the Government under the Weeks Law in the western part of the State.

As a game preserve, no hunting will be allowed on the Forest and as the deer and other game increase on the area, it is expected that the overflow will drift out of the Forest and gradually restock adjacent lands. A movement is now on foot to place a herd of elk and one of buffalo in the preserve this winter.

Regulations governing the camping and fishing privileges have been drawn up in co-operation with local citizens and sporting clubs, and will be issued by the Secretary of Agriculture. It is understood that regulated fishing will be allowed, but the number of permits issued the first season will be purely experimental, since the capacity of the streams is not known.

Death Due to Paralysis.

D. M. Wayne, of McLean county, died Tuesday at the Western State Hospital of general paralysis of the insane, aged 67 years. He was received here about five months ago. The body was shipped to Calhoun yesterday.

Dowell-Foulks.

Miss Margaret Foulks, of Nashville, a niece of Mr. E. L. Foulks, of this city, was married in Nashville, Nov. 6th, to Mr. Jas. R. Dowell.

RED CROSS SEAL SALE

Pennants to be Awarded to Winners—Over 300,000,000 Seals Distributed.

With the opening of the Red Cross Seal Sale, every state and thousands of cities, towns and villages are entering a competition to see who will sell the most seals per capita for the prevention of tuberculosis in their communities. Over 300,000,000 seals have been distributed for the sale.

The cities, towns and villages have been divided into 10 classes according to population ranging from 600 to 1,000,000 and over. Pennants will be awarded by the American Red Cross and The National Association for the Study and Prevention of Tuberculosis in each of the classes. Similar pennants will be awarded to states selling the most seals per inhabitant, the states being divided into three classes according to population.

Last year Hershey, Pa., sold more seals per capita than any other city or town in the United States, reaching a total of 29.04. In Rhode Island, 2.29 seals per capita were purchased by the people of the state, a record sale among the states.

In addition to the pennants, a special honor certificate will be awarded to any community which sells five or more seals per inhabitant. It is hoped that this rivalry among cities and states will stimulate the sale of Christmas seals to 100,000,000. This will mean \$100,000,000 for the fight against tuberculosis in the United States.

MR. BURNETT VERY ILL.

Mrs. Ritchie Burnett was advised Tuesday of the critical illness of her son, John P. Burnett, at Houston, Texas. Later she was wired to the effect that his condition had improved and to await further intelligence before starting to his bedside.
